FOR THE COURSE “ENJOY ENGLISH” BY M. Z. BIBOLETOVA****O. A. Klyueva***Teacher of English,
Secondary school № 7,
Mariinsk, Kemerovo region, Russia*

Summary. In accordance with the new federal state educational standard students have to take English as one of three compulsory exams. That is why it is necessary to expand the number of tasks which can help to provide step-by-step, gradual and deep preparation for the examination. One of the most difficult tasks for the students is forming derivatives to fill in the gaps in the text. It requires not only the knowledge of grammar and vocabulary, but also the development of linguistic guessing skills. Therefore, the sooner they start training the better. These tasks are aimed to train vocabulary skills in the format of the Russian National Exam. Although the words are organised according to the units in the textbook “Enjoy English 7”, the tasks can be used with any course book.

Keywords: Federal State Educational Standard; vocabulary practice; derivatives; class 7; Russian National Exam.

Образовательные стандарты второго поколения подразумевают обязательную сдачу предмета «Английский язык» на государственной итоговой аттестации. В связи с этим имеет смысл включать в процесс обучения задания подобного формата. Появилась необходимость расширить арсенал заданий в формате государственной итоговой аттестации по английскому языку за курс основной школы, которые помогут обеспечить более последовательную, постепенную, глубокую подготовку к экзамену. Контрольно-измерительные материалы как ОГЭ, так и ЕГЭ имеют задание, которое составляет сложность для учащихся – образование дериватов из данных слов для заполнения пропусков в тексте. Данные задания составлены в формате экзаменационного на основе учебника «Английский с удовольствием» для 7 класса М. З. Биболевой и Н. Н. Трубаневой. Они соответствуют лексическому материалу, изучаемому в каждом разделе, но также могут быть использованы с любым другим УМК.
