Abstract. This test is close to the format of the Unified State Exam. It has great advantages over the traditional form of testing knowledge. It helps to know the knowledge level of students after school year. It gives the teacher the opportunity to determine how well students learned academic material and make appropriate adjustments to the learning process. This test includes topics for reading, Grammar rules, vocabulary which students had been learning during the following school year. These tasks are interesting and useful and give the opportunity to repeat all material. Teachers need not to look up suitable tasks and think about marks and keys.

Keywords: test; English lesson; Grammar rules; Vocabulary; texts.

small and has thin, short legs. Dogs love to play, but they can also work. Sheepdogs work on farms and help their owners take care of farm animals like cows and sheep. The Alaskan Husky can pull people in sleds across the snow. One kind of dog, the German Shepherd, works with the police. Dogs are really great animals. A dog is man's best friend!
